Family Access Mobile Web

Click here to sign into the Mobile Web for Family Access.

Who, What, When, Why?
This option allows guardians to check Family Access from a smart phone or other mobile device with Internet access while away from a computer.

Slide 2 - Slide 2

Slide 3 - Slide 3

The screenshot shows a Firefox browser window with two tabs: 'Login - Powered by Skyward' and 'Velva Amermanscr (05.14.02.00.09-10....'. The address bar shows the URL 'broker9:81/scripts/cgiip.exe/WService=11296web/familyaccess.w'. The page title is 'Family Access'. Below the title is a section titled 'Students In Family' containing a list of three students:

Amermanscr, Abraham R	>
Amermanscr, Rosa R	>
Amermanscr, Tammy T	>

Two yellow callout boxes provide instructions:

- A box pointing to the first row: "All students to which the guardian has access will display."
- A box pointing to the right side of the list: "Any line that has a > at the end of it means users can drill down to get more information. Click or Touch the >."

Student Details	>

Guardians may have **view only** and **searchable access** to the tabs displayed.

If a tab is **not available**, the district has **turned off access** to that specific tab in Family Access.

Select **Portfolio**.
