

Set Ala Carte Limit

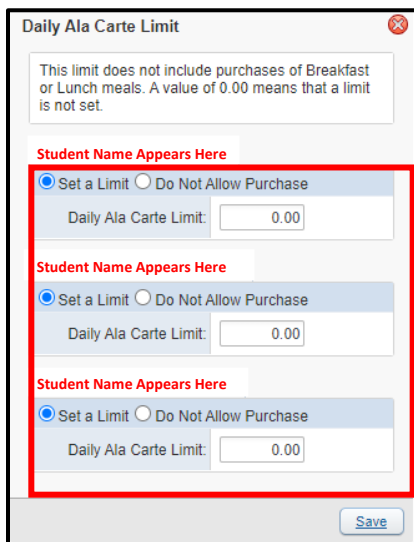

Families are able to set limits on the amount of “extras” students purchase to eat, or not to allow any extra purchases. For example, you can set the limit at \$0.50 per day, if you want to allow your child to purchase one snack in addition to their standard daily meal.

1. Log into Family Access [here](#)
2. Click the Food Service tab
3. Click the link Set Ala Carte Limit

The “Daily Ala Carte Limit” window will open and allow the parent/guardian to enter the preferred value for each student enrolled in the district.

1. Enter the preferred value for each student
2. Save

A screenshot of a 'Daily Ala Carte Limit' dialog box. At the top, there is a close button (X) and a text box containing the message: 'This limit does not include purchases of Breakfast or Lunch meals. A value of 0.00 means that a limit is not set.' Below this, there are three student entries, each with a red box around the name field and the text 'Student Name Appears Here' above it. Each entry has two radio buttons: 'Set a Limit' (selected) and 'Do Not Allow Purchase'. Below the radio buttons is a 'Daily Ala Carte Limit:' label followed by a text input field containing '0.00'. At the bottom right of the dialog is a 'Save' button.
